

1. Governance of Community Learning and Development (CLD) in Glasgow

In 2013 *the Requirements for Community Learning and Development (Scotland) Regulations* were introduced, placing a duty on local authorities, through Community Planning Partnerships (CPPs), to produce a three-year plan for the effective delivery of CLD. Plans must engage with learners to shape delivery and take account of priorities and needs within the authority. In June 2013, the Glasgow Community Planning Partnership (GCPP) Executive delegated the CLD planning function to the Glasgow Community Learning and Development Strategic Partnership (GCLDSP).

This Plan has been submitted for approval to the GCPP Strategic Board on the 7th of September 2021.

Updates on the progress of the Plan's implementation will be made to Glasgow City Council (GCC) through the Wellbeing, Empowerment, Community and Citizen Engagement City Policy Committee (WECCE) and reported on an annual basis to the Operational Performance and Delivery Scrutiny Committee and the GCPP Strategic Board and Executive Group.

2. Glasgow's Community Learning and Development Strategic Partnership

The GCLDSP is tasked by GCC with overseeing the production and delivery of the Plan. Glasgow Life is the designated lead organisation and, as such, chairs the GCLDSP. This responsibility is set out in its Service Level Agreement with GCC.

The GCLDSP benefits from the involvement of a wide range of strategic partners who are committed to the development of high quality CLD in the city including: Glasgow Life, GCC (Community Planning, including Community Justice Glasgow, Education and Social Work), Glasgow Council for the Voluntary Sector, Glasgow Colleges, Glasgow City Health and Social Care Partnership, Glasgow Housing Association, Glasgow Science Centre, Jobs and Business Glasgow, Skills Development Scotland, Wheatley Group, Volunteer Glasgow and the Workers' Educational Association. The GCLDSP has an established terms of reference with CLD outcomes and meets quarterly to oversee the planning and development of CLD across sectors and partners in the city.
