

Welcome to Sandymount Cemetery

Sandymount Cemetery

Sandymount Cemetery was opened in 1878, with the first interment taking place on 22nd July 1878.

The land was originally owned by 6 Glasgow businessmen who had each purchased identical plots of 4½ acres.

There are approximately 5,950 monuments within the cemetery grounds of which some 1,250 are Jewish and 350 Muslim.

The Jewish Section of the cemetery is largely self contained. It features exquisite headstones and, most notably, three tall rusticated branchless tree monuments. Sandymount Jewish Burial Ground is currently subject of an ongoing restoration programme.

A principal feature of Sandymount is The Cross of Sacrifice, designed by Sir Reginald Blomfield.

For further information concerning support for the restoration of the Jewish Cemetery please contact The Trustees of Sandymount Regeneration Project at www.sandymount.org.uk or The Scottish Jewish Archives Centre
