

## Glasgow Museums Resource Centre

### Visitor Charter

We are constantly working to make our destination more eco-friendly but we need your help. We can all reduce our impact on the environment by making choices. As a visitor you have a very important role to play in helping us to conserve our natural assets and become a more sustainable destination.

Here are our recommendations:

#### Give the car a rest

Leave the car behind if only for a day. Walk, cycle or use public transport. We will happily provide you with advice on active travel

#### Reduce, Reuse, Recycle

Try to avoid overly packaged goods and say no to that extra carrier bag. You can also support us in our efforts to recycle – please ask a member of staff for more information

#### Conserve Energy

Reduce energy by switching off lights and closing windows when the heating is on. The Energy Saving Trust can provide more information:

<http://www.energysavingtrust.org.uk>

#### Respect Nature

Help us to look after the landscape and wildlife by not littering, guarding against fire and using footpaths and cycle-ways responsibly. Ensure you follow the Outdoor Access Code – <https://www.outdooraccess-scotland.scot/>

#### Support Green Businesses

There are thousands of businesses in United Kingdom working to reduce their carbon footprint, through the Green Tourism Business Scheme. Businesses are awarded Bronze, Silver and Gold for their efforts – <https://www.green-tourism.com/our-members/>
